ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF THE GANGES ROPE COMPANY LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **THE GANGES ROPE COMPANY LIMITED** ("the Company") as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Chartered Accountants

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

THE GANGES ROPE COMPANY LIMITED

Note 1: SIGNIFICANT ACCOUNTING POLICILES

Basis of Accounting

1.

The financial statements have been prepared in accordance with Indian Generally Accepted Accounting Principles ("GAAP") under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards as specified under section 133 of the Companies Act 2013('the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act (to the extent notified). The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year, except for change, if any, in accounting policy explained below.

2. Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amount of assets or liabilities in future periods.

3. Property, Plant & Equipment

Property, plant and equipment is stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.

Gains or losses arising on retirement or disposal of property, plant and equipment are recognised in the Statement of Profit and Loss.

Intangible Assets:

Intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses, if any.

4. Depreciation

Tangible assets - Depreciation on assets is provided using Written down value method ('WDV') over the useful life as prescribed under Schedule II of the Companies Act, 2013, which is also estimated by the management to be the estimated useful lives of the assets.

Intangible fixed assets - Computer software and goodwill are amortized using straight line method over a period of 10 years, which is estimated by the management to be the useful life of the asset.

5. Impairment:

The carrying amount of assets is reviewed at each Balance Sheet date to determine if there is any indication of impairment, based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

A previously recognized impairment loss is increased or reversed depending on changes in circumstances. However the carrying value after reversal is not increased beyond the carrying value that would have prevailed by changing usual depreciation, if there was no impairment.

6. Capital Work in Progress:

Capital Work in Progress comprises the cost of fixed assets that are not yet ready for their intended use at the reporting date and are in the process of being constructed / acquired / developed, as the case may be. Cost, as aforesaid, includes development and other expenses, including financial cost related to borrowed funds and the same is allocated/apportioned to the respective fixed assets on completion of the construction / acquisition / development of the capital project/fixed assets.

Expenses directly related to construction, acquisition or development activity is transferred to the capital work in progress. Indirect expenditure incurred during the construction, acquisition or development activity is transferred to the capital work in progress, to the extent it is related to construction, acquisition or development activity or is incidental thereto. The balance indirect expenditure is charged to the statement of Profit and Loss.

7. Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as non-current investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in the value is made to recognize a decline other than temporary in the value of investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

8. Revenue Recognition

Revenue has been recognised in accordance with the "Accounting Standard 9" on "Revenue Recognition" issued by the Central Government as per the Companies (Accounting Standard) Rules, 2006.

9. Foreign Currency Transactions

The Reporting currency of the company is Indian Rupee ($\overline{\mathbf{x}}$).

(i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency by applying to the foreign currency amount the prevailing exchange rate between the reporting currency and the foreign currency, as on the date of the transaction.

(ii) Conversion

Year-end foreign currency monetary items are reported using the year end rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rate that existed when the values were determined.

(iii) Exchange Difference

Exchange differences arising on the settlement or reporting of monetary items, at rates different from those at which they were initially recorded during the period or reported in previous financial statements and/or on conversion of monetary items, are recognized as income or expense in the year in which they arise.

10. Borrowing Costs:

Borrowing costs relating to the acquisition / construction of qualifying assets are capitalised until the time all substantial activities necessary to prepare the qualifying assets for their intended use are complete. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. The ancillary costs incurred in connection with the arrangement of borrowings are amortised over the life of underlying borrowings. These form part of the borrowing costs.

All other costs related to borrowings are recognised as expense in the period in which they are incurred.

11. Cash and cash equivalents

Cash and cash equivalents in the cash flow statement comprises of cash on hand, cash at bank, demand deposits with banks, cheques on hand, remittances in transit and short-term highly liquid investments with an original maturity of three months or less.

12. Employee Benefits

The Payment of Gratuity Act, 1972 is not applicable to the company for the year under review. Provident Fund and Miscellaneous Provisions Act, 1952 is not applicable to the company for the year under review.

13. Taxation

Provision is made for income tax liability estimated to arise on the results for the year at the current rate of Tax in accordance with Income Tax Act, 1961. In accordance with the Accounting standard 22, Accounting for Taxes on Income, issued by the Institute of Chartered Accountants of India, deferred Tax resulting from timing differences between book profit and Tax profit Is accounted for, at the current rate of Tax, to the extent the timing differences are expected to crystallize.

Deferred Tax arising on account of depreciation is recognised only to the extent there is a reasonable certainty of realisation.

14. Provisions

A provision is recognized when an enterprise has a present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions, other than employee's benefits, are not discounted to their present value and are determined based on management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current management estimates.
